*The lioness and the oryx*

1 Tourists **flocked** to watch the unlikely pair. \_\_1\_\_ lioness in central **Kenya has**  
2 **baffled** wildlife experts by adopting a baby **oryx**, a kind of small antelope nor-  
3 **1** mally **preyed upon by** big cats. Reports say the full-grown lioness **came across**  
4 the oryx two weeks \_\_2\_\_ in the Samburu Game Reserve, scaring off its mother.  
5 Instead of then attacking the defenceless calf, the lioness \_\_3\_\_ the baby,  
6 protecting it from other predators, including a leopard.  
7 Extraordinarily, the lioness still **allowed** the mother oryx occasionally \_\_4\_\_  
8 **2** and **feed** her **calf** before **chasing** her **away**. But the rule of the wild ultimately  
9 prevailed \_\_5\_\_ Sunday when a male lion attacked and killed the baby oryx while  
10 the lioness \_\_6\_\_ \_\_6\_\_.

11 **'Special instinct'**  
12 "This \_\_7\_\_ either an extraordinary case of maternal instinct or simply the eighth  
13 **wonder** of the world," local Herman Mwasaghu told The Nation newspaper. Mr  
14 **3** Mwasaghu was one of the first **to spot** the unlikely pair, which proved a powerful  
15 **draw** for tourists and game workers alike.

16 **4** \_\_8\_\_ lioness would lie down to rest in the afternoon and its unlikely **charge**  
17 would **curl up** beside her.  
18 Wildlife expert Vincent Kapeen said he thought the lioness **spared** the oryx "be-  
19 **5** cause animals have a special instinct to care for the young". "What is baffling is  
20 why the relationship has lasted so long," he was quoted as saying.

21 **Sad ending**  
22 According to the AFP news agency, the sad end to the story came on Sunday  
23 \_\_9\_\_ the lioness led the oryx to the river to drink. Weakened by two weeks of  
24 **6** looking after her adopted baby, she fell asleep, failing to notice a hungry male lion  
25 in the area. The oryx was no more. Patrick Muriungi, a receptionist at Samburu  
26 Lodge, told AFP the lioness was **grief-stricken** when she awoke to realise what  
27 had \_\_10\_\_. "She was very angry. She went around the lion about 10 times  
28 roaring, and then the lioness disappeared," he was quoted as saying.  
29 She has not been seen since.
