2. Llegiu el text següent i responeu les preguntes:

Last summer Miguel and Roger decided to drive to the north of France. The car belonged to Miguel's father and was very old. When they left everything was fine but two hours later the car stopped and it was impossible to start it again. They found a telephone box and called an emergency service. They decided to wait in a café because it was very cold. Inside, they saw a familiar face. It was David, a friend of Roger's from university. He lived in that part of the country. David invited them to stay in his home and they accepted. They had a very nice lunch there but when they went back to the car, it was not there anymore. David accompanied them to the police station and they spent the night in his house. They were very lucky to have a friend like him!
